Note: This product is distributed on a "try-before-you-buy" basis. All features described in this documentation are enabled. The registered version does not insert a watermark in your generated Flash Flip Books.

About A-PDF to Flipbook for iPad Mac

A-PDF to Flipbook for iPad Mac is an animation flipping book maker that is compatible with Mac devices, and the published flip publication can be viewed on iPad.

In addition to enabling you to convert PDF files to page flip eBooks, flash magazines or page turn catalogs, this flash flip software allows you to customize the page flip edition with various configurable settings.

Main Features

Import Settings

1. Page range: Import all pages or custom range pages.

2. Page quality selection: There are 5 quality and size for you to output flipbook.

3. Import bookmark: Import table of contents of the original PDF files.

4. Import links: Generate original page links, web links and e-mail links to the flipping book.
Customizable Features

1. Select a template from the built-in projects.

2. Add logo and define book title for the interactive page flip eBook.

3. Enable or disable buttons: share, thumbnail, zoom and auto flip.

4. Show share button so that readers can share your animation flipping book with ease.

5. Show thumbnail button to let readers navigate the book more conveniently.

6. Use "Zoom" function to help readers to get clear viewing.

7. Choose auto flip mode to flip page automatically.

8. Select background color and page background color.

9. Choose background image file as the flipbook background.

10. Choose hard cover for the flash page turn book.

11. Set book margins for the flipping book.

12. Open window in blank or self window.

Two Selectable Output Forms

A-PDF to Flipbook for iPad allows you to publish iPad-supported flip book in two formats: HTML and App. Publish HTML flip book, your readers can access to it with iPad via Safari Browser. And App format flip book can be viewed on Mac devices.
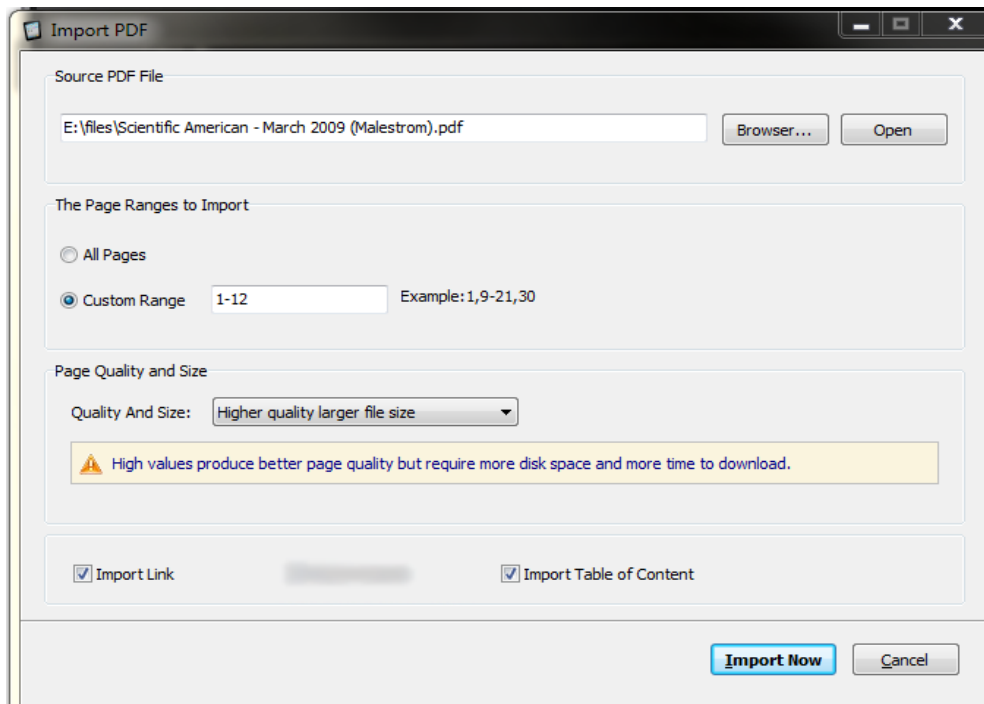

Quick Start:

1. Launch the program via shortcut ;

2. Click to import PDF file;

3. Define parameters for PDF flipping book, such as logo, background, book   margins, and then click the "Apply Change" icon ;

4. Click "Convert to Flipping Book" icon to enter into Output interface;

5. Choose Output Type from HTML and App.

Interfaces:
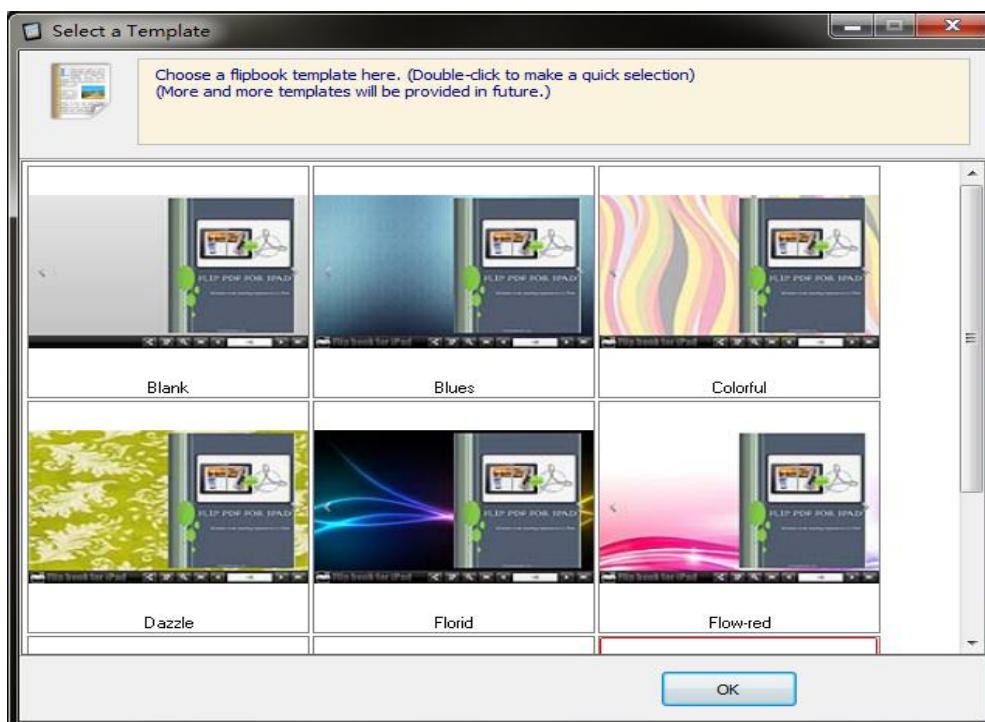

Import Settings Interface:
